In Cleveland, Ohio, employees in manufacturing earned on an average

\$391

a year in 1890 and

\$569

a year in 1890. In the meantime the

number of employees had grown from

21,724

to

48,724

Cleveland's working people ought to be able to stand a great deal of that kind of impoverishment.

#### THE JEKILL-HYDE ADMINISTRATION.

Washington Post.—The Civil Service reformers adjourned without taking up the strange case of Mr. Maxwell.

#### SUFFERING.

Wheeling Intelligencer.—The President gives Turkey to Texas. West Virginia does not get so much as a drumstick.

#### ACTING AS CLERK.

Minneapolis Journal.—President Cleveland is running the Treasury Department just now and Carlisle is simply performing clerical duties.

#### THE POOR MAN'S "FRIEND."

St. Louis Globe-Democrat.—It is well to bear in mind that the "poor man's party" is preparing to put sugar, tea and coffee back on the dutiable list.

#### GHOST PROOF.

New York Press.—The report that Mr. Cleveland hurried to Chicago to get away from a scene where the memory of John Roach constantly haunted him is probably unfounded.

#### AX, NOT CLUB.

Minneapolis Tribune.—It is claimed President Cleveland has harmonized the New York Democracy. Perhaps he has, but if he has he has worn all the bark off his club in the operation.

#### MODERN JEFFERSONIAN PRACTICE.

Cleveland Leader.—It is only with the advent of modern Democratic "Jeffersonian simplicity" under Mr. Cleveland that it has been found necessary to put the White House servants in a livery after the manner of the effete monarchies of Europe.

#### LET IT WADE.

New York Press.—The statement that David A. Wells, Springer, Wilson and McMillan are framing the Cleveland Tariff bill indicates that the Administration intends to fulfill Colonel Watterson's prophecy of wading through a slaughter-house to an open grave.

#### CERTAINLY.

Kansas City Journal.—It is noteworthy that the Democratic leaders and organs who are so worked up about pension reform never have a word to say for revision of the Mexican pension list. Is this because the Mexican veterans are nearly all Democrats and ex-Confederates?

#### KILL THE GOOSE.

New York Press.—While Secretary Gresham is preparing to tear reciprocity up by the roots, the British Iron Trade Association is calling the attention of the British Secretary of Foreign Affairs to the fact that American goods have obtained control of the Cuban markets through our treaty with Spain as to that island.

#### A REMARKABLE SIGHT.

Boston Herald.—Few Nations will permit foreign armed bodies to land on their territory. The sight presented on Broadway, New York, was accordingly remarkable. The serried ranks of the battalions of nine Nationalities, with the National flag of each waving over them, marching together, with no feelings save those of the greatest friendliness, presented a spectacle long to be remembered and probably not to be seen in any other country.

#### AN AMATEUR VIFANCIER.

Secretary Carlisle's conference with New York bankers last week did not raise the reputation of the Secretary of the Treasury in the estimation of the leading financiers of that city. "There has been no Secretary of the Treasury within my recollection," a prominent banker said, "who had so little information about financial methods as Mr. Carlisle. He is a very poor amateur and a most distressing feature of the case is that he appears to think that he knows it all. I am a Democrat and I have the greatest confidence in Mr. Carlisle's personal integrity, but I predict now that he will be the most conspicuous failure of Mr. Cleveland's Administration if he is permitted to remain at the head of the Treasury Department. It is humiliating to think that the chief financial officer of the Government knows practically nothing about financial affairs."

The Covington and Lexington Turnpike Company, whose tolls were cut in two by the Goebel bill, has taken the case to the Supreme Court of the United States.

After locating at Frankfort he built a \$40,000 house in the country, and it is said bargained for \$12,000 worth of furniture to put in it. Pay day came, and trouble with it. THE LEDGER hopes that "Jack" will come out all right.

#### "SINGLE LIFE"

Produced at Washington Opera-House Last Evening.

The drama "Single Life" was rendered at the Opera-house last night by home talent to a large audience and was well received, as evidenced by the liberal applause.

Those who took part in the rendition were: Misses Alice Higginbotham, Mamie Hocker and Abbie Pickett and Messdames Hiram P. Chenoweth and John M. Hunt, with Messrs. George T. Hunter, Harry C. Curran, Harry Barkley, Will Johnson and Ben T. Cox, and each one's part was rendered in a very creditable manner.

The proceeds being for a benevolent purpose our people responded in a very liberal manner, as is their usual custom on such occasions.

Between the acts was rendered some very choice musical selections by Miss Lida Berry and Charles Rosenau, which were very much complimented.

At the conclusion of the program the Minuet was danced by Misses Hattie Albert, Katherine Albert, Mamie Hocker, Belle Barkley, Rosa Pickett, Abbie Pickett, Alice Higginbotham and Mrs. Hiram P. Chenoweth, and was one of the features of the evening's entertainment.

#### AN UNKNOWN MAN KILLED

By a Train on the Kentucky Central Yesterday Morning.

As the Northbound train on the K. C. Railroad, which arrives here at 9:50 a. m., rounded a curve in the road about three miles South of Carlisle yesterday morning the engineer discovered a man lying on the track.

The engine was reversed and the train brought to a standstill unusually quick, but not until the entire train had passed over the unfortunate, killing him instantly, almost every bone in his body being broken and his flesh terribly torn and mangled.

Nothing whatever is known about the man. He was lying face downward between and parallel with the rails. It is not known whether he was under the influence of liquor and had fallen to sleep or whether he had placed himself in this position with suicidal intent, but a logical theory is that he was a tramp, drunk and asleep.

His body was taken to Carlisle by the train crew, where it will receive prompt attention. In the excitement and rush that prevailed his hat and shoes and a bunch of papers which fell from his pocket were left lying on the scene of the accident. A messenger was, however, sent after them later on, and the papers may possibly lead to an identification. He was apparently 25 years of age.

"A WOMAN'S Devotion," for the benefit of the Washington Fire Company, May 16th, 17th and 18th.

THE Louisville Leaf Tobacco Exchange has appointed a special committee to confer with the trade relative to a proposition to adjourn the sales for two weeks during the summer to allow everyone connected with the trade to attend the Columbian Exposition.

Mrs. E. C. Rheo of Milford, Neb., says she suffered greatly from a complication of diseases of female weakness and liver and kidney troubles. Her health was fully restored by using Dr. Hale's Household Tea, the most pleasant and most effective medicine known. Twenty-five and fifty cents per package at Power & Reynolds's Drugstore.

#### What Must Be Done.

The applicant for the position of letter carrier under the new order of things must give a history of himself from his babyhood up and of his parents and their parents; whether he was ever in prison, how often and the nature of the offenses, and if he is married and if so how often.

The applicant for a clerkship in the Post-office must be able to tell the price of butter in New Orleans, and just how much dynamite to put in a dog's ear to blow his tail off.

#### The Last Tribute.

The funeral of Mrs. Carrie A. Lane, wife of Isaac M. Lane, was largely attended yesterday afternoon.

After religious services at the M. E. Church by her Pastor, the Rev. D. P. Holt, a long line of carriages filled with mourning relatives and sorrowing friends took up the procession to the Cemetery.

Five street cars carried members of Orders to which she belonged—two containing Fidelity Division, Sons of Temperance, and three being occupied by members of Friendship Lodge, Daughters of Rebekah.

The death of Mrs. Lane leaves a void in the home, in the church and in the societies to which she belonged. A good woman has gone to her reward.

#### A "BELLE" IN A BLAZE.

Ashland's New Ferry-boat Narrowly Escapes Destruction.

The new ferry-boat Belle of Ashland, receiving her finishing touches at the foot of Vine street, Cincinnati, narrowly escaped destruction by fire.

The boat, which was built at the Fulton Marine Ways for service at Ashland, Ky., was taken down to the foot of Vine street several days ago to receive her machinery and have her cabin built.

The work had been about completed, and workmen were engaged in covering the roof with the usual coating of painted canvas and sand. Tinner were also putting on the drain pipes. One of their little furnaces was placed too close to the painted canvas, setting it on fire. Owing to its inflammable nature, the blaze started up with a puff. There was a rush for the scene, and by a liberal use of sand and water the fire was extinguished in the nick of time.

"A WOMAN'S Devotion," for the benefit of the Washington Fire Company, May 16th, 17th and 18th.

#### A Grand Success.

The Kentucky Leader observed its 25th anniversary by issuing a forty page edition. It must have taken the breath of the other Lexington editors when Brother Roberts fired this "souvenir edition" at them. Politically, The Leader is as pure gold beside brass; typographically, it is a gem beside jackstones; and in all that goes to make a real live everyday newspaper it is just what the Lexingtonians long wanted, and when once found have determined to hold on to. Long live The Leader, and, Brother Samvel, here's at you!

THE receipts of the Ripley Postoffice for the month of April show an increase of \$105 over the corresponding period of 1892.

#### A Hint to World's Fair Visitors.

A prominent citizen of Scales Mound, Ill., while in Chicago, was taken with violent choleric pains and diarrhoea. He took blackberry brandy three or four times without relief. He then secured a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and upon taking one dose the pains disappeared and the second dose cured the diarrhoea. Dr. H. M. Fowler of Scales Mound is our authority for the above statement. Visitors to the World's Fair should procure a 25-cent bottle of this remedy before leaving home. It is for sale by Power & Reynolds, Druggists.

THE remains of Mrs. Thomas Johnson, buried fifty years ago, were removed to the Fairview Cemetery last week. It took six men to handle the remains.

#### Great Event in Cincinnati.

The new City Hall which has become the pride of Cincinnati, rivaling the Art Museum, Zoological Garden and even the Music Hall, is completed and will be formally dedicated May 13th, the oration being delivered by Hon. M. E. Ingalls.

The event will be celebrated by a great street parade, which Cincinnati exults in, besides the police department and the civic societies of Cincinnati and the United States troops at Fort Thomas will join in the procession.

The Chesapeake and Ohio Railway will sell excursion tickets at half fare from Huntington and intermediate stations good going on trains 17 and 19 May 12th, good returning on regular trains until May 15th, 1893.

#### WEEKLY CROP BULLETIN.

Condition of Small Crops Throughout Kentucky to Date.

The weather conditions of the past week were upon the whole somewhat more favorable than those of the preceding ones. The high temperature of the past four days has brought all forms of vegetation forward, though it is still greatly in need of sunshine, of which there was a considerable deficiency during the week.

The excessive rainfall was very detrimental to crops in the ground and which had not sprouted. This is particularly true of corn and there is general complaint that it is not doing well, and in many sections that it is flooded so badly on low soils that it will be necessary to plow over the ground. Considerable plowing for corn yet remains to be done, a fair estimate being that but two-thirds of the crop has been planted. Plowing and in fact all kinds of farm work have been practically suspended on account of the frequent heavy rains. The average amount for the state for the past week is about 2.50 inches. It was quite uniformly distributed, though the excess was slightly greater in the counties bordering upon the Ohio river and those in the Southern sections of the state than in other portions.

The reports of tobacco plants are not so favorable as those previously received. The wet weather has exerted an injurious effect upon them. They are not growing well and some correspondents report them to be yellowing. The injury is not serious, however, and they will quickly recover with favorable weather conditions.

Reports are almost unanimously agreed that wheat, oats, rye and gardens have shown a considerable improvement during the week, and that their condition, particularly of the first mentioned, is all that could be desired.

Potatoes are not doing well; the soil is too wet for their rapid growth, and there are some complaints of rotting in the ground.

Reports of the effects of the recent frosts are still received. The opinion advanced last week that there has been general serious injury is sustained by recent information. While it is doubtless true that in certain sections of limited area the damage has been great, it is safe to say that the general prospect has not suffered any great change. The Bluegrass counties appear to have received the most injury, and some correspondents report the almost total ruin of fruits.

The general outlook is slightly more encouraging than at the time of the last report, though a period of sunshine of considerable length is required to bring the season up to its normal stage.

The present prospect is for fair weather for the next forty-eight hours at least, with nearly stationary temperature.

#### Are You Troubled With Rheumatism?

After returning from the hospital last February I commenced using Chamberlain's Pain Balm and have never been without it since. I find it removes pain as soon as it is applied according to directions. For rheumatism I have found nothing to equal it.

#### WORLD'S FAIR NOTES.

A Few Pointers About Chicago Well Worth Remembering.

As a great many readers of THE LEDGER will make their first trip to Chicago during the World's Fair, a few pointers regarding the geography of the city will be appreciated. In the first place, fix firmly in your mind the fact that Lake Michigan forms the Eastern boundary of the entire city, and if you stand facing the lake with both arms outstretched the left hand will point to the North Pole and the right hand will point straight down the tracks of the Big Four Route to the World's Fair Buildings, situated at the Southern end of the city. Paste this in your hat and you have the key to the entire situation. Coming into Chicago on trains of the Big Four Route, which is the only railroad having an entrance on the South Side along the lake front, where all the hotels and boarding-houses are located, you will find yourself passing practically through the Exposition Grounds and a magnificent panoramic view of the fair is obtained.
